TIDAL WAVES RIP JAPANESE COAST—This 30-foot tidal wave smashes against the shore in Fukushima prefecture on Japan's Pacific coast some 125 miles northeast of Tokyo as moon-pulled tides rip sea walls, damaging houses and flooding homes. Japanese meteorologists theorize that an unusual low-pressure area over the north Pacific caused the waves, aided by the moon's effect on the tides at the peak of its monthly cycle.

'Citizens Now' Conference

551 Explorer Scouts Convene At Whiteman Air Force Base

Explorer Scouts, 551 strong, from the Kansas City area Boy Scout Council arrived at Whiteman Air Force Base Friday night for a weekend "Citizens Now" conference. The purpose of the conference was to give the Explorer a better understanding of his responsibilities as a citizen now in his home and community.

After registering at an administrative office set up in Base Special Services, the Explorers ate supper in the base non-commission-

ed officers mess where they were welcomed by the 340th Bomb Wing deputy commander, Col. Charles V. Neil. Explorer Dick Menn, Troop 24, Kansas City, gave the keynote speech.

A film on "Survival in the Arctic Tundra" concluded the day's schedule and the weary boys went off to bed.

Saturday morning following breakfast at 7:45 the Explorers heard Mrs. A. B. Taylor, prominent independence attorney, in an inspiring address on "Citizenship in the Home." Following Mrs. Taylor's talk, the 551 Explorers, divided into groups of 28, went off to discussion rooms to express their opinions on citizenship in the home.

The Rev. Harold Stine, president of the Kansas City Council of Churches, addressed the Explorer assembly that afternoon on "Citizenship in the Community."

Late Saturday afternoon the Explorers were divided into two groups and while one group was watching a film in the base theater, the other group was taken

Auto Wreck Ends Trip For Couple

What was to have been a happy weekend at Posie Point on Lake of the Ozarks for a young married couple ended in tragedy shortly before midnight Saturday night when one member of the party was critically injured in an automobile accident. The accident occurred on Highway 52 about eight-tenths of a mile west of Highway 65, while enroute to the Lake.

Mrs. Mary Deloris Dusek, 31, wife of M-Sgt. Marvin W. Dusek, who is in Korea, is in a critical condition at Bothwell Hospital from severe head injuries. She was the driver and owner of the car.

A-2c Henry Nierodzik, 27, Whiteman AFB, and his bride, Esther, 27, were married earlier in the evening at the Whiteman AFB chapel, and were accompanied by A-2c Ralph Whittington, 22, and Mrs. Dusek. They were uninjured in the automobile when it was demolished.

Mrs. Dusek, who has been residing at LaMonte, where she moved with her husband when he was stationed at Whiteman, had made all arrangements for the wedding. She had arranged for their trip to the lake for their honeymoon and was driving them to the Posie Point resort at the time of the accident.

The party had left LaMonte a short time earlier, driving down Highway 127 to Highway 52 and thence east. Apparently, Mrs. Dusek lost control of the car on the slippery blacktop pavement. The car, a 1955 Buick hardtop sedan, went to the right shoulder, then began skidding, went across the pavement, down the left shoulder and into a ditch, flipping over on its top.

The front portion of the top part of the car was crushed in, the door on the car flew open and she was thrown out on her head beside the car. The other three were scrambled in the car but escaped with nothing more than minor bruises.

According to Troopers Pete Stohr and Glenn Means of the State Highway Patrol the car skidded 150 feet on the south side of the highway, and skidded approximately 150 feet on the north side of the pavement before overturning on the embankment.

Mrs. Dusek was rushed to Bothwell Hospital in the Ewing ambulance, where Dr. D. R. Edwards rendered emergency medical treatment. She suffered a fractured skull, and other severe injuries to the head and brain.

Mrs. Nierodzik reported Mrs. Dusek's third wedding anniversary was celebrated on Friday, March 15.

"She arranged all the details for our wedding, baked us a wedding cake, and arranged for our trip to the Lake," Mrs. Nierodzik said.

No other car was involved. Mrs. Dusek, according to friends, has been working at the base. Her husband left some time ago for overseas duty in Korea. The Air Police who investigated the accident reported they would have her husband notified and possibilities were he would be flown back to the States.

The car was towed to the Chamberlin Service Garage by a wrecker from that firm.

Anonymous Warning Causes Airliners To Land at St. Louis

ST. LOUIS (AP)—An anonymous bomb warning resulted in the flagging of two Eastern Air Lines planes yesterday a few minutes after they had taken off from St. Louis for Miami.

Searchers failed to turn up a bomb and the planes resumed their flights.

One flight with 43 passengers and five crewmen returned to Lambert-St. Louis Municipal Airport for checking.

State Halts Katy Move To Texas

Stops Carload Of Equipment And Records

PARSONS, Kan. (AP)—The state of Kansas got a district judge to sign an order at 12:01 a.m. today and stopped the Missouri-Kansas-Texas Railroad shipping a baggage car full of its accounting records and equipment from Parsons to Denison, Texas.

Judge Hal Hyder signed a temporary injunction stopping the shipment.

He also gave the Katy until April 30 to show why it should not be enjoined from violating a 1923 agreement about the employment of office personnel and shop forces in Parsons.

The court session was held after midnight to avoid any complications about taking legal action on Sunday.

The order was served a few minutes later on O. L. Crain, the Katy's division superintendent, as he supervised the loading of the car on the station platform.

The southbound Bluebonnet was scheduled to pick it up at 12:15 a.m. the train was late.

Parsons, a town of about 15,000 in the southeast corner of Kansas, has for years been a main division point on the Katy. The railroad employed about 1,300 here until it started a reorganization of its forces last month. Some workers have been dismissed, some have been transferred to Denison.

The 45 employees of the accounting office found a notice on the door Saturday declaring the office abolished as of March 17.

John Anderson Jr., Kansas attorney general, initiated the legal action from his home in Topeka.

Less than 36 hours earlier he had dispatched a letter to William N. Deramus III, new president of the Katy in Kansas City, asking him the railroad's plans for Parsons.

When the loading of the baggage car started Sunday afternoon Anderson was notified by telephone and deputized Glen Jones, Parsons attorney, to seek the state court order.

It is based on a 1923 agreement between the Katy and the Kansas Corporation Commission. The state contends the railroad agreed then to keep an office force of no less than 347 in Parsons, plus shop forces comparable to other division points on its lines.

European Airways Ground Airliners During Crash Inquiry

LONDON (AP)—British European Airways has grounded all its Model 701 Viscount turboprop planes as authorities continue to investigate last week's airliner crash that cost 22 lives.

Bea announced last night the Model 701s were being withdrawn from service as a "precautionary measure." Viscount flights from London to Manchester, Belfast, Glasgow, Edinburgh and Madrid were canceled.

Air France and Aer Lingus of Ireland said they will continue to use their Viscounts. In New York, Capital and Trans-Canada airlines said they have no plans to ground their Viscounts, which are a different model from the 701s.

Last Thursday's crash in Manchester occurred in clear weather when the plane was only 500 yards from the airport runway.

Optimistic?

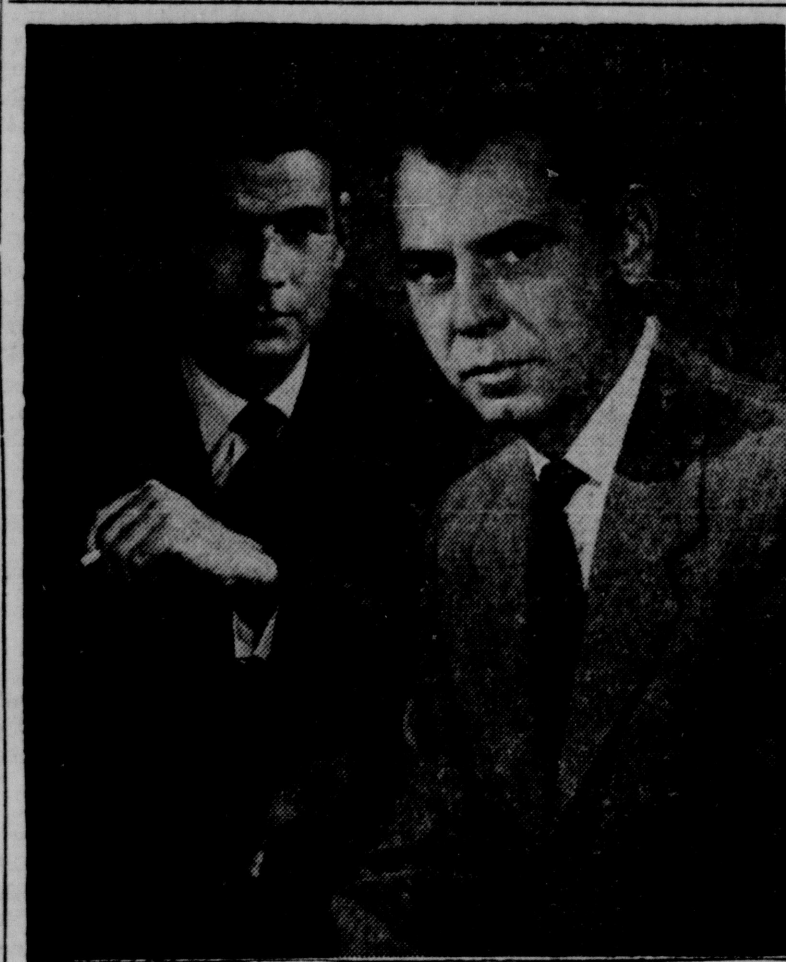

Looks as though the people who sowed grass seed yesterday in hopes of rain might have to get out and irrigate it.

Decreasing cloudiness and colder tonight; fair Tuesday; low tonight near 35; high Tuesday in lower 50s.

The temperature at 7 a.m. was 49; 52 at 10 a.m., 45 at 1 p.m. and 44 at 2 p.m. Rainfall .02 inch.

The temperature one year ago today was high 62, low 30; two years ago, high 50, low 29; three years ago high 61, low 46. Stage at Lake of the Ozarks 44.4 rise .1.

Israel Minister Gives Urgent Plea to US Secretary of State

Whittemore and Lowe

Will Be Guest Night

Whittemore, Lowe to Play Here Thursday

For the final concert of the season, Thursday night, March 21, each Community Concert member will be entitled to bring a guest as each ticket will admit two persons. Guests and members are also invited to attend a backstage reception following the concert, to meet the artists, Whittemore and Lowe, duo-pianists.

Precedent-breaking concert tours, best-selling records and numerous radio and television appearances have made the two-piano team of Arthur Whittemore and Jack Lowe favorites wherever good music is loved.

As top-ranking artists in their field, Whittemore and Lowe are in constant demand as soloists with the country's leading orchestras—New York, Boston, Philadelphia, Chicago, St. Louis, Washington, Cleveland, etc. The brilliant pianists also have an enthusiastic audience for their coast-to-coast recital tours. Their superb duo-playing and stimulating programs have placed them in the vanguard of American concert attractions.

On records, these versatile young men have hit the over-a-million mark of best-sellers, with classical, romantic and contemporary records equally popular with collectors.

In recital, they have "pioneered" by playing contemporary music as well as the classics. Recently they appeared at Carnegie Hall as soloists with New York Philharmonic Orchestra, and introduced new two-piano works commissioned by them from Ernest Krenek and Morton Gould.

The two young men are tireless workers and have arranged almost 200 works for two pianos, and are constantly adding to their repertoire.

FLASHES

Four Indicted

WASHINGTON (AP)—Four officials of the Teamsters' Union, including Frank W. Brewster, chairman of the 11-state Western Conference, were indicted today on charges of contempt of congress.

Winner Will Go to State Contest

Jaycees to Hold Second Annual Teen-Age Driving Contest at Fairgrounds April 14

The Sedalia Jaycees will hold the second annual Teen-Age Road-e-o on Sunday afternoon, April 14, at the State Fairgrounds. The Teen-Age Road-e-o is sponsored locally in connection with a state and national program of the Jaycees.

The contest is designed to give the nation's young motorists an opportunity to prove and improve their driving habits and attitudes and to stimulate community activities in bigger and better high school driver education programs.

On a community level the contest consists of a written test on driving knowledge and a performance test in four precision driving exercises. The state level of the contest has a written test, precision driving and a road check for

in-traffic performance. The national contest is similar to the state with the addition of a driver aptitude test, a psycho-physical examination and a personal interview.

Any teen-age boy or girl in Pettis County who has a valid Missouri driver's license and does not have any traffic violations in the six months prior to April 14 is eligible to enter the local contest. The age limits as set forth by the National Jaycees are from 16 to 19 inclusive.

Entry blanks are available at the Chamber of Commerce office on East Fourth in Sedalia or by sending your name and address to the Sedalia Jaycees in care of the Chamber of Commerce. Parson consent must be given since

the winner will be required to travel to the state contest.

There is no entry fee for contestants and all expenses will be paid for the winner to attend the state contest. The state winner receives an all expense trip to Washington, D.C., for the national contest along with other prizes.

The motor car dealers of Sedalia are furnishing the cars for the local contest. The dealers cooperating are Mike O'Connor, Cal Rodgers, Askew Motors, Bryant Motors, W. A. Smith Motors and Routsong Motors. No contestant will be allowed to use a private car. The course will be closed to through traffic.

On the national level, the program is sponsored by the US Jay-

Wants US Action to Curb Egypt Moves In Mid East

WASHINGTON (AP)—Israel's Foreign Minister Golda Meir took to Secretary of State Dulles today an urgent plea for U.S. action to curb Egyptian moves before war erupts in the Middle East again.

The conference was the goal which she sought in a hurried flight from Jerusalem over the weekend.

Beck Admits Union Loan Of \$300,000

Says All Repaid; Borrowed Money Without Interest

TACOMA, Wash. (AP)—Dave Beck said yesterday he had borrowed an estimated \$300,000 to \$400,000 from the Western Conference of Teamsters, without interest, while he headed the union's regional organization.

The general president of the international union said the loans long since have been repaid.

He said "I don't recall" when asked whether he had written notes to the 11-state union organization at the time of the loans. His acknowledgement and explanation of the loans was a high point of his appearance on a national television program.

Beck, waiting to appear before the special Senate committee investigating alleged rackets in labor unions, criticized sharply the conduct of the Senate hearing and the type of witnesses, and declared, "The teamsters have nothing to hide whatsoever."

He said if the hearing were conducted by judicial procedures there would be no complaint.

And he said he would decide at a Tuesday night conference in Seattle with former Sen. James Duff of Pennsylvania, his new counsel, whether he would produce personal records, as demanded by the Senate committee. Sen. McClellan (D-Ark) has set Wednesday noon as the deadline for Beck's reply—with a warning a subpoena will be issued if Beck refuses.

In describing the loans from the Western Conference, Beck said they involved funds which were in non-interest-bearing bank accounts. He said he borrowed the money for some of the real estate deals that he said had earned him hundreds of thousands of dollars.

The Teamster leader insisted the fortune he has built is "in no way related" to union business or union contacts.

He declared he had borrowed nothing from any union funds since becoming general president 4½ years ago.

In the period of the union loans between about 1947 and 1952, he said, he also was borrowing from banks and insurance companies.

He said the executive board of the Western Conference "elected that no interest should be paid" on his union loans.

"If they change their mind," he added, "I will gladly pay."

Asked if he had had collateral for the loans, he replied: "I had plenty of collateral. I must have had to borrow from the banks." But he did not say he had posted any for the union loans.

"I know there was an adequate guarantee to satisfy the board," he asserted. "I know they were sure the money would be repaid, and the best proof is that it was repaid."

Accompanying her were three aides, bearing big envelopes and stuffed brief cases. They included Israel's Ambassador Abba Eban; Minister Reuven Shiloah; and Gideon Rafael, a member of Israel's United Nations delegation.

Dulles arrived back in Washington yesterday from the Far East. He held immediate consultations with top aides on the Egypt-Israel crisis and set up today's meeting with Mrs. Meir.

Mrs. Meir made her flight after Egypt's President Gamal Abdel Nasser ordered Egyptians to take back control over the Gaza Strip from United Nations forces which had replaced withdrawing Israeli troops. This, plus Egyptian talk about re-imposing the Suez Canal and Gulf of Aqaba blockades against Israel shipping, ran counter to Israeli assumptions on which the withdrawal was based.

"I am quite convinced," Mrs. Meir told reporters at the airport yesterday, "that with the Egyptians in the Gaza Strip we have returned to the same situation that we had before Oct. 29."

That was the date Israel attacked Egypt last fall, reporters noted. Did that mean, she was asked, that Israel would fight again if Egypt assumed what Israel regarded as too much authority in Gaza?

"I can't say at this time," she replied.

Doctor Enters Innocent Plea In Death Case

LONDON (AP)—Dr. John Bodkin Adams, accused of killing three rich patients out of greed, today pleaded innocent as he went on trial for murder.

The 58-year-old society doctor read a Bible in his prison cell before being taken to historic Old Bailey court for the trial which has intrigued the nation.

Adams is charged specifically with murdering Mrs. Edith Alice Morrell, elderly eccentric widow. The prosecution claimed at a preliminary court hearing she was only one of his victims.

The doctor was accused of turning the 81-year-old widow into a drug addict while slowly poisoning her in 1950.

The cause of her death was officially recorded as a stroke. The body was cremated in accordance with her will and the ashes were scattered over the English Channel.

Mrs. Morrell left an estate of more than 60,000 pounds (\$168,000). Dr. Adams inherited a chest of Georgian antique silver and was later given her Rolls Royce by the dead woman's son out of appreciation for the care he had given his mother.

The Old Bailey was crowded as the trial got under way before the red-robed justice, Sir Patrick Arthur Devlin. Several hundred persons had lined up for hours before the doors were thrown open.

OBITUARIES

William Green Cook

William Green Cook, 70, Houston, died of a heart attack Sunday night at his home.

He was born May 21, 1886, the son of Robert and Lena Twyman Cook at Cole Camp. He was married to Stella Waybright on Sept. 6, 1911, at LaMonte. He was a member of LaMonte Methodist Church.

He is survived by his wife, three daughters, Mrs. Ellen Fry, Pratt, Kan., Mrs. Etta Harding, LaMonte, and Mrs. Estella DeLapp, Tuscola, Ill., five grandchildren and one great-grandchild, one sister, Mrs. Roy Looney of Sedalia, two brothers, Henry of Sedalia, and Granville, Long Beach, Calif.

Funeral arrangements are in complete.

The body is at Parker-Moore Funeral Home, LaMonte.

CMSC Choir Sings Here Wednesday

The A capella Choir of Central Missouri State College, Warrensburg, will present a concert for students of Smith-Cotton High School on Wednesday morning, March 20. The program will be conducted by Dr. Ralph E. Hart, chairman of the division of music, CMSC. The choir is being presented by the college in its regular spring concert tour to the central Missouri area.

Sedalia students in the choir are: Shirley Kirkpatrick, Janet Vedder, Judy Ragland, Sue Hyatt, Larry Owen and Norman Griswold.

Highlighted in the concert will be two small groups composed of music students. The Collegiates, featuring Shirley Kirkpatrick, Jackie Andrews, Ann Corn, Carol Goetz and Phyllis Lampe, will sing "Picnic" and "Blue Skies," both numbers being arranged by Ann Corn. Also featured will be the Docket Four, a boys quartette. They will sing "Carolina" and "Good Night, Sweetheart."

The program will be: "Jubilate Deo," by Gabriel; "Ave Verum Corpus," by Byrd; "Plorate Fili Israel," Carissimi; "Sing Me a Song," Vechi; "There is a Lady," Murray; and "The Falcon," by Gerrish. Part II of the program will be by the Collegiates followed by "To Spring," Schubert; "The Shepherdess," Schubert; "Hail, O Star," Grieg; "In Silent Night," Brahms and Songs of Robert Schumann, arranged by Churchill.

Three Scouts Found Safe On Mountain

GATLINBURG, Tenn. (AP)—Three Boy Scouts, missing overnight on a hike in the rugged Great Smoky Mountains, were found today huddled in a shack on 6,693-foot Mt. Le Conte.

The boys, members of Greenville, Tenn., Troop 94, were found by the Morristown rescue squad in an outhouse near a lodge which stands atop the peak, one of the highest in the Smokies. Victor Thorpe, Jr., 13, and oldest of the trio, said they reached the lodge about dusk yesterday after hiking from Newfound Gap, eight miles distant.

"I knew enough from my training to stop at dark," Victor said. "We couldn't get into the lodge because it was locked, so we entered an outhouse where wood was stored."

"We kept fairly warm until about midnight, when the wind came up and it began hailing."

Others missing with young Thorpe were Jimmy Grubbs, 11, and Mike Harmon, 12.

The trio and nine other members of the troop set out yesterday to hike from Newfound Gap on U. S. Highway 441 to Mt. Le Conte and thence back to the highway via the Alum Cave trail, a total of 13 miles. The other nine made the hike safely.

Licenses Mixed Up

BRISTOL, R. I. (AP)—Gene Acardi received his automobile registration plates yesterday like thousands of other Rhode Islanders.

But his were different. One was GA 306 and the other FW 306.

He sent them back to the registry of motor vehicles and waited for the other person who got mixed plates to do the same.

Carol Conley and Pamela Rose, will sing "Precious Memories" with Mrs. Odell Rose accompanist. Burial will be in Knob Noster Cemetery.

Mrs. Rosina Hayman Brown, Mrs. Rosina Hayman Brown, 76, widow of the late Beverly Brown, died Saturday, March 16 at San Diego, Calif.

Mrs. Brown spent her younger years in Pettis County, residing at Houstonia. She was the former Rosina Hayman, daughter of Mr. and Mrs. Frank C. Hayman, widely known residents of that vicinity, Mr. Hayman being actively engaged in civic and political affairs in the county.

Mr. Brown died in 1932. Surviving are: two daughters, Mrs. Everett Foster, Norfolk, Va., and Mrs. Eleanor White, of the home at San Diego; two grandchildren, Leila Foster and Susie White; and a sister, Mrs. George Janisch, Olathe, Kan.

Funeral services and burial will be at San Diego.

Future Subscribers

Daughter to Mr. and Mrs. Edward Pemberton, 206 South Washington, at 11:55 p. m. March 17 at Bothwell Hospital. Weight seven pounds, 13 ounces.

SP-13 and Mrs. Kenneth Dohman, Ft. Stewart, Ga., are parents of a son born March 12 weighing eight pounds. He was given the name Steven Kenneth. The parents are formerly of LaMonte.

City Hospitals

BOTHWELL — Medical: Ralph Ingram, 1315 East Broadway; Mrs. Charles Knatchell, 1711 South Grand; Mrs. William Woolery, Florence; Lloyd Manuel, Route 1; Jimmy Norwood, 417 West Seventh; Larry Dodson, 2610 North Woodlawn; Baby Shirley Howard, 1307 North Osage.

Accident: Mrs. Marion Dusek, of LaMonte.

Surgery: Mrs. Earl Eickhoff, of Cole Camp; Mrs. Charles Fajen, Stover; Mrs. Elroy Kerkseck, Stover; Terry Swope, of Hughesville; Lawrence Mitchell, 2302 Kay Ave.

Dismissed: Mrs. Hansel Morris and daughter, Route 1; Mrs. A. R. Kruse, Florence; Robert Selsor, 1615 South Lamine; Mrs. Orson Vogt, Versailles; Cylvester Wright, 409 North Osage; Bruce Holland, 407 East 13th.

WOODLAND — Surgery: Noah Jordan, Route 2.

In Other Hospitals

Mrs. Leroy Bailey, Knob Noster, was transferred from Ellis Fischel Hospital, Columbia, to St. Luke's Hospital, St. Louis, Friday.

Miss Anne Bowland, daughter of Mr. and Mrs. C. W. Bowland, Knob Noster, who underwent a tonsillectomy at the Charles E. Still Hospital in Jefferson City Thursday, was brought home Friday.

Fires

The fire companies were called at 10:38 a. m. Sunday to 1318 East Third where dry grass had caught fire. No damage resulted.

Other Fires

The Pettis County Fire Department made a run to the Ed Butterbaugh farm near Newland about ten miles northeast of Sedalia at 5:40 p. m. Thursday to extinguish a brush and timber fire.

The blaze was burning toward some buildings of the Butterbaugh farm but was extinguished before it reached them.

Police Reports

Paul Carpenter, 1721 South Lamine, reported to the police the loss of his dark brown leather billfold sometime between 1 and 2 o'clock Saturday some place between 16th and Grand and his home. It contained his Social Security card and other identification cards. No money.

A south window at the office of Dr. Ira White, 11th and Osage was found open at 10:40 p. m. Saturday.

Two juveniles from Kansas City were arrested by the police at 1:11 a. m. Sunday at Broadway and Hancock for speeding 50 miles per hour in a 30-mile zone. Their names were entered in the juvenile record book and were then released to Cecil Glenn.

Marion Lyles, 515 West Pettis, fell at Montauk and Pettis, cutting his head. He was taken to Bothwell Hospital in the Ewing ambulance and later released.

A piece of molding on a door at the Westside Variety was found loose by the police at 10:33 p. m. Sunday. An investigation did not reveal any marks and the molding was pushed back into place by the officers.

The front door to the Lower Service Station, 1515 South Limit, was found unlocked at 10:43 p. m. Sunday. A note was left and the door locked by the police.

Police found a bicycle at Main and Osage about 1:40 a. m. Monday. It was taken to police headquarters.

Mr. Brown died in 1932. Surviving are: two daughters, Mrs. Everett Foster, Norfolk, Va., and Mrs. Eleanor White, of the home at San Diego; two grandchildren, Leila Foster and Susie White; and a sister, Mrs. George Janisch, Olathe, Kan.

Funeral services and burial will be at San Diego.

DAILY RECORD

Police Court

Adelaide M. Bopp, 1100 West Main, charged with running a red light at Second and Ohio, forfeited a \$5 cash bond.

John W. Smolowski, Whiteman AFB, charged with double parking in the 200 block on South Lamine, forfeited a \$2 cash bond.

Sedalia Meat Co., 310 West Main, charged with blocking two parking meters in the 300 block on West Main, forfeited a \$2 cash bond.

Jerry H. Rech, Whiteman AFB, charged with double parking and on the wrong side of the street, forfeited two cash bonds of \$2 each.

George Ewing, 20, Whiteman AFB, charged with assault upon his wife, Mrs. Jeanie Ewing, 210 West Third, pleaded guilty to Judge Willard Morris and was fined \$25.

Alfred E. Hamilton, 39, of 112 East Jefferson, charged with driving a car while intoxicated, was fined \$75 by Judge Willard Morris. He pleaded guilty.

Frank Jackson, Jr., Detroit, Mich., charged with careless driving at 625 North Montauk, failed to appear in court and his \$25 cash bond was ordered forfeited.

A/2c George E. Ruff, 24, Whiteman AFB, charged with disturbance of the peace in the 500 block on North Osage, was fined \$25. He pleaded guilty. On charges of breaking and entering a house in the same block, he was found innocent.

Paul Robert Buso, 321 1/2 East Harvey, charged with speeding 33 miles per hour in a 20-mile zone on West Main from Ohio to Missouri, was fined \$10. He pleaded guilty.

Six overtime parkers forfeited cash bonds of \$1 each and 52 others paid the 25-cent fee.

Willard Lowe, Greenfield, Mo., charged with parking in the 300 block on South Ohio between 2 a. m. and 6 a. m., forfeited a \$2 cash bond.

Mrs. Margie Barnes, 1320 South Stewart, charged with blocking a sidewalk at 1110 West Fourth, forfeited a \$2 cash bond.

Arthur B. Landers, Route 2, Otterville, charged with running a stop sign at Main and Osage, forfeited a \$5 cash bond.

E. A. Jackson, 707 West Third, charged with blocking a driveway in the 100 block on South Massachusetts, forfeited a \$2 cash bond.

Richard Buso, 409 East Harvey, charged with double parking in the 200 block on South Lamine, forfeited a \$2 cash bond.

E. M. Tucker, Otterville, charged with blocking a sidewalk at Ninth and Ohio, forfeited a \$2 cash bond.

Mrs. Gussie Wingate, 1309 East 11th, charged with destruction of property by tearing up a fence at 1311 East 11th was given a continuance on the hearing to March 19.

She was arrested on complaint of William Curtiss, owner of the fence.

Martha Smith, 49, Kansas City, charged with speeding 60 miles per hour in a 40 mile zone, 24th to 32nd on Limit, forfeited a \$20 cash bond.

Lloyd George Taylor, 221 East Cooper, charged with driving a motor vehicle while intoxicated pleaded guilty and was fined \$75 by Judge Willard Morris.

He was arrested at Missouri Pacific tracks and Montauk.

Floyd Flippin, 312 North Grand, charged with parking in a safety zone in the 200 block on West Sixth, forfeited a \$2 cash bond.

Orville Fox, 44, 816 East Ninth, charged with driving a motor vehicle while intoxicated was transferred to the Magistrate Court of

Investigators Are Checking Management, Too

WASHINGTON (AP)—Senate rack-ets investigators said today their probe already is reaching into certain management practices as well as labor union operations.

Robert Kennedy, chief counsel of the committee searching for evidence of racketeering in labor and industry, said later hearings on alleged payment of more than \$20,000 in Teamsters Union funds to Nathan W. Shefferman, a Chicago management consultant, "will lead into certain companies." He did not name the companies.

The first three weeks of the committee's hearings have dealt with an alleged plot by Teamsters officials to "muscle in" on vice profits in Portland, Ore. The hearings resume tomorrow with more testimony from Frank W. Brewster, West Coast Teamsters boss.

Meantime, a federal grand jury was expected to finish today its consideration of bribery charges against James R. Hoffa, reputed to be the real power in the giant Teamsters Union. Whatever action the grand jury decides to take may not be known for several days.

Hoffa, a Teamster vice president and head of the union's Midwest organization, was arrested last week and charged with bribing a lawyer to join the staff of the racket committee and feed him information. Hoffa, free on \$25,000 bond, has protested his innocence.

Melvin R. Carwile, 19, of 1305 East Fifth, charged with carrying concealed weapons, namely home made knucks, was fined \$25 by Judge Willard Morris. He pleaded innocent to the charge.

P. O. Lively, 1118 East Fifth, charged with being intoxicated and resisting arrest pleaded guilty and was fined \$10 on the first charge and \$25 on the second.

Seventeen overtime parkers who failed to appear in police court forfeited cash bonds of \$1 each and 45 others paid the 25-cent fee.

A-2c Billy Goodsell Helvey, 24, of Whiteman AFB, charged with speeding 45 miles per hour in a 30 mile zone, 1400 to the 1900 block on West Main, forfeited a \$15 cash bond.

Clarence Pemberton, 43, of Lees Summit, charged with speeding 60 miles per hour in a 30 mile zone, Broadway and Ohio to Broadway and Sunset Drive, and also with failure to yield the right-of-way to an emergency vehicle, was fined \$20 on the speeding charge and \$15 on the second. He pleaded guilty to both charges to Judge Willard Morris.

Tom Lee Harris, 17, of 312 East Seventh, charged with careless driving in the vicinity of Broadway and Grand, failed to appear in police court and his cash bond of \$25 was ordered forfeited.

Leonard Leroy Shackles, 301 East 28th, charged with speeding 38 miles per hour in a 20 mile zone, vicinity of Broadway and Vermont, forfeited a \$10 cash bond. Radar checked.

Magistrate Court

Larry Joe Strong, Whiteman Air Force Base, was fined \$100 and costs on charge of failure to keep his car under proper control. Testimony indicated driving while under the influence of intoxicating beverages. Strong pleaded guilty.

Charles Weese, Warrensburg, was fined \$100 and costs on a charge of failure to keep his car under proper control. Testimony indicated driving while under the influence of intoxicating beverages. Strong pleaded guilty.

William H. Bunn and his wife, Loretta C. Bunn, have filed suit for partition of the property on which is located the Donhouse Loan and Investment Co., 410 South Ohio.

The petition, filed against Mrs. Mabel Morgan, states that the Bunnos own one-third of the property and Mrs

SPECTACULAR

That's the best word we know to adequately describe this Sensational sale here at the beginning of the new season!

Spring

SUIT SALE

the fashions are beautiful

- ★ Special Purchase Group
- ★ Sample Suit Group
- ★ Plus Our Regular Spring Stock

Our buyers have been searching the market for exceptional suit buys which would allow us to put on this spectacular Spring Suit Sale! How well they worked with the manufacturer is demonstrated in these sensationally priced suits! In addition to special purchases, we were able to buy several sample suit lines. These are mostly one of a style . . . some are originals made up by manufacturers, but

never put into regular spring lines because of too high production and material costs.

Then we took every suit in our regular stock and made unbelievable reductions to offer you this most spectacular suit promotion in our history . . . and to offer you the greatest spring suit values you have ever seen here in Sedalia!

Every Suit We Own Is Included!

OVER 200 NEW SPRING SUITS

These are all famous nationally advertised labels from some of the largest women's suit houses in the country!

Project Youth Center

What's the matter with Teen Town?

Sedalia's recreational spot for youth has had its ups and downs during the past few years, but has kept alive despite lagging enthusiasm.

Could it be the name "Teen Town" has been outmoded?

Lately there have been stories in exchange newspapers from many parts of the country about projects for Community Youth Centers.

A Sedalia Youth Center! That sounds better than Teen Town.

Down in Pearsall, Texas, the Junior Chamber of Commerce took hold of the problem of providing a Youth Center. Things got to the point where teen agers there had no supervised recreational center outside of school hours, no place to dance, play games, loaf and visit with each other.

In Pearsall the Jaycees committed themselves to construct and operate a Youth Center, to see that the Center was run according to the rules after it was completed.

Right now the Sedalia Jaycees are busy with initial construction plans of the new state headquarters building, a project they won for Sedalia location at a state-

wide meeting of the organization in Chillicothe. No doubt the details of building will demand most of the time of the Jaycees for awhile.

But after the state headquarters are built and this energetic group of local young men are looking for another project to sponsor they might consider taking on the building of a new Sedalia Youth Center.

If a civic organization can fire up the enthusiasm of local citizens like the Jaycees did over providing a state headquarters building for their own group, we'd like to see them take on the Youth Center project, on behalf of Sedalia teen agers.

And by that we mean obtaining centrally located ground space away from the downtown district where a new Youth Center building could be erected with all modern conveniences, including air conditioning.

Maybe if Sedalia got behind such a program there would be fewer arrests of juveniles for driving two abreast at 110 miles an hour on Highway 50, or for careless and reckless driving on city streets while drinking whiskey out of half-pint bottles.

The Washington Merry-Go-Round

How 1954 Teamster Probe Was Stymied

By DREW PEARSON

WASHINGTON—There is one man who's laughing up his sleeve at the midnight arrest of Teamsters Boss Jimmy Hoffa for allegedly trying to bribe an agent of the Senate Rackets Committee. He is cantankerous Congressman Clare Hoffman of Michigan, who started a probe of Hoffa and the Teamsters three years ago, but was abruptly and unceremoniously stopped by none other than a member of the Eisenhower cabinet, Postmaster General Summerfield.

Congressman Hoffman, Republican, together with Wint Smith of Kansas, Republican, and Phil M. Landrum of Georgia, Democrat, were investigating the Teamsters, when suddenly word came from the White House via GOP House Leader Charles Halleck of Indiana to call off the probe.

Hoffman was so irked that he made a speech on the House floor complaining that his subcommittee on labor racketeering and welfare funds "had but barely entered upon its investigation when apparently for political reasons it was liquidated." Rep. Smith also complained to newsmen. After the hearing on Detroit labor racketeering closed, Smith stated that it was being terminated because of "pressure."

"Where does the pressure come from?" Smith was asked.

"From so high," Smith told newsmen, looking at the ceiling, "that I can't even discuss it."

Deal With Teamsters

Inside fact, as revealed by this column April 13, 1954, was that high Republicans in Michigan, led by Postmaster General Summerfield, made a deal with the Teamsters to support Sen. Homer Ferguson, Republican, for re-election. In return, investigation of Hoffa and the Teamsters was dropped.

Ferguson in 1954 faced a tough re-election battle with the late ex-Sen. Blair Moody, Democrat, running against him. Moody died in the middle of the primary campaign, and Pat McNamara, a long-time member of the Detroit City Council and a strong AFL leader, was nominated. In the final election, McNamara, to the surprise of everyone, defeated Ferguson.

Hoffman's probe of the Teamsters had just begun to strike pay dirt when "those on high" intervened. He was looking into alleged Teamster locals; also pressure on automatic car-wash employers to make payoffs; also in property acquired by Hoffa's wife and Mrs. Bert Brennan, wife of another Teamster chief, after Hoffman and Brennan had settled a strike in Flint, Mich.

Partly as a result of the probe, a Wayne County grand jury indicted 12 leading Teamsters including William F. Buffalino, head of the juke-box local, Mike Nicoletti, head of Local 247 in

Detroit, and David J. Keating, head of Local 614 in Pontiac.

The High Art of Wirepulling

It's interesting to watch the pattern of lobbying by smart big business in Washington. The boys really-in-the-know touch every base, leaving nothing uncovered.

Take, for instance, the Penn-Texas Corporation headed by likable, shrewd Leopold Silberstein, the refugee from Hitler who has built up one of the bigger holding companies in the U.S.A. He is now under Securities and Exchange Commission investigation as an outgrowth of his battle to take over Fairbanks, Morse, owned by one of the old American industrial families.

To win his battle, Silberstein has lined up the following gilt-edged assortment of lawyers, wirepullers, directors, lobbyists, and public relations men:

Carl McCordle, ex-assistant secretary of state. His job is to keep the State Department base covered.

Gen. Julius Klein, astute operator for the Pan American Airways lobby. His job is to contact various wirepullers.

I. Struve Hensel, ex-counsel of the Defense Department. His job is to cover the base at the Pentagon.

Maj. Gen. "Buck" Lanham, an official of the Penn-Texas Corporation, and former hard-working aide to Ike. His job is to cover the base at the White House.

Oscar Chapman, able ex-Secretary of the Interior, now an official of the Penn-Texas Corporation. His job is to cover all bases with liberal senators.

Ex-Sen. Owen Brewster of Maine. He covers conservative GOP senators on Capitol Hill, including Senator Bridges of New Hampshire. Bridges recently made a speech which had the effect of serving notice on the SEC not to go too deeply with the Penn-Texas probe.

Ben Javits, brother of New York Sen. Jack Javits. He touches base with New York Republicans in the Senate and elsewhere.

Milton Wiseman, law partner of Democratic Congressman Mannie Celler. He touches base with New York Democrats.

John Bailey, Democratic national committee-man from Connecticut. He covers other Democratic bases.

Jake Arvey, Democratic leader of Chicago. He touches base with Sen. Paul Douglas of Illinois, one of the few senators who could understand the amazing financial web spun by Silberstein.

Note—Genial Sam Pryor, vice-president of Pan American Airways, has also been doing voluntary, unpaid wirepulling on Capitol Hill for Silberstein.

Tax Help When Needed

Representative Charles S. Gubser of California has proposed a bill in Congress that parents be permitted to deduct for income tax purposes all medical and dental expenses incurred for children under six years old.

In explaining his bill, the Congressman said the people hardest hit by income taxes are young couples with young children. Most children's diseases occur when the youngsters come in contact with other children during the nursery school and kindergarten stage. That is when the medical expenses pile up and when the family budget is often stretched beyond repair. It would be a good thing if the tax could be eased somewhat to help struggling young families.

The power of absolute veto still is held by the ruler of Great Britain, but no British monarch has used this power since 1707.

Orville Wright's airplane traveled 120 feet on its first flight.

Thought for Today—

Who art thou that judgest another man's servant? to his own master he standeth or falleth. Yea, he shall be holden up: for God is able to make him stand.—Romans 14:4.

If we will measure other people's corn in our own bushel, let us first take it to the Divine standard, and have it sealed.—J. G. Holland.

The Passing Parade

The World Today

Postal Savings System Outlives Need

By JAMES MARLOW

Associated Press News Analyst WASHINGTON (AP) — The Eisenhower administration wants to junk the postal savings system. After 47 years it has about outlived its usefulness. So Congress may end it.

This savings system, government-run and government-backed, was created in 1910 to serve three main purposes:

1. To give many Americans, shaken by the bank failures in the financial crisis of 1907, a place where they could deposit their savings with a feeling of confidence.

2. To encourage immigrants — it was a time of big immigration and many of the newcomers were hoarding or sending their money back home to start savings accounts which were safe and would give them interest.

3. To provide an easy and convenient means of saving for Americans living in out-of-the-way rural areas, miles from banks and towns when automobiles were few and roads bad. They could do their saving by mail.

By 1915, reports showed 72 per cent of the postal savings deposits were held by the foreign-born. The minimum deposit now is \$5 and the maximum \$2,500. The interest is 2 per cent.

Total deposits averaged 135 million dollars for the first 18 years.

Looking Backward...

TWENTY-FIVE YEARS AGO

Dr. Logan Clendenning, Kansas City, stressed the value of milk to health at a meeting held to discuss the City of Sedalia's milk ordinance. Dr. James Stewart, a state commissioner of health, complimented Sedalia on the fact it had excellent water. He asserted some improvement in its sewage system would be helpful.

1932
The personnel for the 32nd Missouri State Fair Aug. 20-27 announced through its secretary, W. D. Smith, departmental directors and superintendents.

1932
Dr. G. W. Rodger and Dr. W. A. Montgomery, dentists, were in charge of the children's dental clinic at the city hall Friday and Saturday.

1932
J. Burr Taylor, St. Louis, who had been giving talks on fire prevention at schools in the county, gave a talk before the Quisenberry Community Club and E. E. Brasfield, county agent, showed a picture on "Fire Prevention."

FORTY YEARS AGO
Thursday night in ward meetings of Republicans of Sedalia, four old aldermen were renominated for the city council: Robert Swerling, first ward; Fred Gehlken, second ward; George Bertheoux, third ward; and Albert Baumgartner, fourth ward.

1917
John W. Baldwin, doorkeeper of the Senate in the state legislative session, and Mrs. Baldwin arrived from Jefferson City for the weekend at home.

1917
Judge O'Neill Ryan, St. Louis, gave an eloquent address on "The Day We Celebrate," at a St. Patrick's Day banquet at Hotel Terry. Judge D. E. Kennedy was toastmaster.

1917
The Rev. C. M. Truex returned from Pilot Grove where he had been at the bedside of his father, 82, who had been ill.

They shot up after the 1929 Wall Street crash and again after World War II started. They reached a peak of \$3,393,000,000 in 1947. Since then they've declined.

Now deposits are about \$1,700,000. The number of depositors also declined in the past 10 years: from four million in 1947 to 2,400,000 now. One good reason for the decline: most banks now pay more than 2 per cent interest.

The second Hoover Commission in 1955 and the government's General Accounting Office have both recommended the system be scrapped. So the Eisenhower administration is following suit in urging the same.

Ruth Millett Says

Let Your Husband Leave You at Home—At Own Risk

You don't break a husband to double harness by selfishly urging him to gallop off by himself for a good time.

That is what one reader of this column did with unhappy results.

When she and her husband were first married and the children were small it was difficult for her to get away. She started insisting that he go along and have a good time and never mind her, she would be all right.

Right at first he protested that he hated to leave her alone. But the protests soon stopped. In a short time he didn't even have to be urged to leave his wife at home and go his merry way.

"Now after 10 years of marriage," says the wife, "it is almost as though we weren't married at all. He seems to feel no responsibility either for taking me anywhere or staying at home with me."

"I know it is my own fault. But that doesn't make me any happier."

The Mature Parent

We Can't Match One Child's Experience With Another

Because the children have behaved well while the dentist checked their teeth, their mother bought them sets of paper dolls. Bess got the set with the brunette doll; Emmy, her younger sister, the one with the blonde.

Scarcely had Bess left the store when she started to belittle her doll. At the bus stop, she finally burst out, "I want one with the blonde hair, too! Look at this awful red coat mine's got. I want the one with the blue coat like Emmy's..."

Since Bess always disparages what she gets to glorify what Emmy gets, this demand didn't surprise her mother. Resignedly she missed the bus and returned to the store to exchange the brunette doll for another blonde one.

Did this indulgence turn Bess into a happy, satisfied child?

No. How could it? Never in this world can we reproduce one child's experience for another. Bess isn't Emmy; she is herself, unique, different from every other child on earth as a snowflake is different from every other one.

By giving her a doll that resembles her sister's, we can no more alter this reality than we can catch the wind in a grocery bag.

So we mustn't pretend we can. When Bess demands the same experience as Emmy, we mustn't behave as though we could grant such an unrealistic wish. Instead of rushing back to the store to

The House Post Office Committee approved a bill — although it won't become law unless the full House and Senate approve — to end the system after either of these two things happen: the deposits fall below one billion dollars or the system, which last year had a profit of 6½ million dollars, shows a loss.

Then the government would refuse new accounts, stop interest on those it holds and start giving depositors back their money. This job would take two years.

After that the unclaimed deposits would go into the U.S. Treasury where depositors who later turn up could claim their money.

Edson In Washington

Signs Are Lacking That A 'New Russia' Will Evolve

By PETER EDSON

NEA Washington Correspondent WASHINGTON — Forty years ago this month the Russian revolution began with a riot for more bread in Petrograd. This was the first revolution, that overthrew the Czar. It was a revolt of moderate socialists and liberals.

Lenin was in exile in Switzerland at the time. Trotsky was in New York and Stalin was in the fourth year of Siberian prison camp.

Their leadership of the second, counter-revolution to overthrow the provisional, democratic government set up under Alexander Kerensky, was eight months later.

In this period, from now until the later anniversary on Nov. 7, people will be reading and writing and expecting a great deal about the

past four decades of Russian communism.

A period of 40 years isn't a long time in history. Anyone who was an adult in World War I can remember the Russian revolutions.

There are old Bolsheviks who took part in them who are still alive and in power. All of them operate as though they believe they are the real leaders of the masses and have their full support.

But the third generation is now growing up under communism. Today, what is considered the most significant fact about the Russian revolution of 40 years ago is that it has not produced a new Soviet man.

Basically, say those who are closest observers of the Russian scene, the Russian people still have the same old Russian mind with the same old Russian qualities.

They may be sick of or bored by communism. They may be privately disillusioned by the lies they have been told about the revolts in East Germany, Poland and Hungary. But the Russians themselves are not considered ready for a third revolution.

Since World War II much has been made of Russia's technical and educational advances. It has been assumed from this that the more educated Russians would soon be ready to overthrow their Communist masters.

Two facts are said to make this unlikely.

The first is the rigid discipline in the state-controlled Soviet educational system. People need jobs to live. Students who do not submit to Communist discipline can be thrown out of the universities and their means of livelihood destroyed. That keeps down intellectual revolt.

Also, higher education in itself is not a guarantee of revolt against oppression. It is recalled that the Germans of the 1930's were as highly educated as any people in Europe. In spite of it, they followed Hitler and submitted to Nazi dictatorship.

Ideas that communism has been changing — particularly since the death of Stalin — are now seen to be based more on hope than on reality. There was no de-Stalinization following the Khrushchev speech to the Party Congress a year ago — and there has been no re-Stalinization since, say Russian analysts.

There have been certain internal changes within the U.S.S.R. The newly announced program to decentralize control of raw materials and industrial production is considered of utmost importance. It is taken to mean that the Russian leaders are beginning to learn they cannot control everything from Moscow.

Internationally, communism is considered just what it was under Stalin. Its greatest problem today is seen as Eastern Europe, where there is a different situation in every country — Poland, Hungary, Yugoslavia and East Germany.

It was only when the Russians began to relax a little in "the new spirit of Geneva" that they got trouble in Poland and Hungary. Now they have reimposed full Stalinist controls in Hungary and the Russian army remains in Poland under the Warsaw pact.

These are the developments that lead historians of Russian communism to the conclusion that no easy solutions will be found to its problems, and that the West will have to continue to live with it, as it has in the past 40 years.

Thinking It Over

By Robert L. Dieffenbacher, D.D. Graveyards of wrecked or discarded automobiles dot America in the most unusual places. All usable parts have been salvaged for resale to those who can use them. Combustible material has been burned. The remains are piled up on vacant acres until they can be sold for junk metal.

These eyesores on the landscape stand as monuments to careless driving, to mistreatment or to the end of usefulness of thousands of once new cars. These cars have no souls. They have reached the end of the road beyond which there is nothing.

Men also wreck their lives. They have few parts to salvage for further human use. Yet God will take every life and give it rebirth in His kingdom if man will merely turn to Him in forgiveness. God leaves no eyesore on the landscape when He salvages sinful man.

Democrat Pick-ups

Odds and Ends
By News Staff

A GROUP OF BOYS attending college plan to take a flying trip to Mexico during the Easter vacation—but not by plane. They are going to drive there and back and they don't intend to waste any time going and coming, not even time out to eat. They are going to ride all the time. That means they are going to have to take food along with them so they can eat as they go, and they decided on baby food, which does not have to be prepared and is easy to digest.

One of the boys is a Sedalian and has a girl friend here. Of course she knew all about the planned trip that they planned to take food to be eaten on the way. He failed to tell her, however, when he asked her to go along to the store with him and help buy the food that he was going to buy baby food. She was just plain embarrassed.

"I walked over to another part of the store," she told her mother when she got home. "I just wasn't going to stand there with him while he bought all that baby food."—H.L.

William C. Hopkins Is Guest Speaker At Last Winter Farm, Home Meeting

Longwood Group Is Host; Names New Committee

By Lloyd Lewellen
The last Farm and Home Planning Group meeting for the winter was held Tuesday night, March 12, at Horace Mann School in Sedalia, and was attended by approximately 82 people, representing 19 member families, guests, and county Extension families. After a bountiful meal with the Longwood group serving as hosts, Paul Stephens presided as the following guests were introduced: Mr. and Mrs. John Wilson, Prairie; Mr. and Mrs. Elmer Bultemeier, and Mr. and Mrs. Rance Hoehns, Lake Creek; Mr. and Mrs. H. E. Logan, Flat Creek; and Mr. and Mrs. John Wall, Longwood. Associate Agent Lloyd Lewellen named Chester Wissman, Cloyce Wilson, Floyd Egberg, Jerry Conaway, Phillip Imhauser, Paul Stephens, Lillian Rehmer, Mildred Clifford, and Mike Homan as a Farm and Home Planning Committee for next year. Mr. Stephens reported briefly on the March 6th trip to Kansas City taken by he and Mrs. Stephens, and Mr. and Mrs. Cloyce Wilson accompanied by O. J. Stephens and Lloyd Lewellen. The day in Kansas City was spent as part of a group who were guests of the Chamber of Commerce in recognition of their work in Farm and Home Planning the past year.

A sextet of girl students from Hughesville High School sang "Happy Birthday" to Mr. Leftwich, followed by "The Little Drummer". A quartet from this group sang "The World is Waiting for the Sunrise" and one of the girls, Kathy Debord, played the "Victory March" on her accordion. Other members of the quartet were Katherine Shanz, Joy Phillips and Arlene Tetterton, with Mary Ann Smith and Joyce Stephens added to form a sextet.

Featured speaker of the evening was William Hopkins of State Farm Mutual Insurance, who has spent 12 years in the service of the Federal Bureau of Investigation. He described the beginning of the organization in 1908, and its revision into its present form in 1924 under J. Edgar Hoover, who set up a rigid training program now costing about \$15,000 per man. He also centralized all fingerprints under one file and set up the FBI laboratories. FBI investigations fall into three categories: Civil, which includes checking of top scientists and key personnel in defense and atomic plants, checking of government employee loyalty, etc.; Criminal; and National Security, consisting mainly of checks on communist activities. Hopkins described several interesting cases he had helped investigate, and gave advice about ways citizens can help in law enforcement by such precautions as always removing car keys from the ignition, leaving garage door shut to hide an empty garage, not advertising absence from home by an overflowing mailbox, and papers in the yard.

Soybean Crop Set for Year

The soybean price support rate for the coming crop year has been set at \$2.09. This is 70 per cent of parity as of Jan. 15.

Soybeans are now above the 1956 support rate of \$2.15 despite a record crop. D. N. Harrington, agricultural economist at the University of Missouri, says this reflects a strong domestic and export demand for beans and oil, and a tendency of farmers to hold beans off the market.

Harrington believes demand through the rest of the 1956 crop year should remain good. Large supplies are expected to limit much of a rise in soybean prices in late winter or spring unless foreign demand becomes exceptional.

Soybean exports are running above a year ago and the total for the marketing year probably will be at least 75 million bushels, about eight million bushels more than the previous year. Crushings are also at a new high and are expected to total 15 per cent higher than the previous peak.

The economist says the carry-over of 1956 crop soybeans next October is likely to be at a new high of 27 to 30 million bushels. Due to acreage allotments on other crops and a fairly strong market for soybeans during the '56-'57 season, the 1957 soybean acreage is expected to increase.

Brucellosis Testing Moving Slowly

The official Brucellosis testing program in the county is moving in at least two townships. Dr. Charles W. Monsee reported testing 460 head in Heaths Creek township during February. In that number they found only six reactors and six suspects. I believe four of these reactors were in one herd of ten milk cows.

Testing is also being done in Lake Creek township by Dr. Marvin Crutcher. He reports about 400 head tested with one reactor and two suspects. Dr. Grove and Dr. Stiles at Windsor reported to the federal folks that they were going to wait until June. At that time they have a new man graduating at the University who will be added to their staff. He will put in full time on the testing.

The same federal folks reported that Dr. King had not yet started in the northwest part of the county and that Drs. Gouge and Goodnight had spent most of their spare time testing a large sale herd.

The insistence of some of the

Soil Testing Now Avoids Spring Rush

By O. T. COLEMAN

MU Extension Soils Specialist
There are several reasons for having your soil tested now. Besides finding out the kind and amount of plant foods that will give you best results, you will avoid that late spring rush for fertilizer and thus be more apt to get the kind of fertilizer you need.

You will also have more time to get accurate samples that represent the surface seven inches of each different kind of soil in your fields. Soil tests are not very valuable unless the samples of soil you have tested are properly taken—and if you are not rushed for time when taking these samples you will likely do a better job of it. Then, by taking your samples in now, you will have a better chance to get ahead of that late spring rush in your soil testing laboratory. More samples are tested in county laboratories during the late spring months than any other time.

Soil samples taken now will likely have to be dried out before they are tested. If they are not dry when taken to the laboratory, it may take a few days to get this done. You might save some time by doing this before you take them to your county agent. But if you dry them out too fast—in a hot oven for instance—you will probably not get accurate tests. This is another reason why you should start early enough to do a good job.

More of the plant foods—especially from lime and rock phosphate will be available to crops if they are plowed under than if spread on the surface. By having your soil tests made early you should be better able to get basic treatments of lime, phosphate, and potash plowed under so they will be worked on by the soil and will be down in the zone of the feeder roots.

A soil test can help you figure out the fields that will give you best return per acre from the soil treatments you apply. For instance, if you have a limited amount of money you can invest in fertilizer this spring, those fields where the soil tests and past history show the least number of different kinds of plant food is needed will usually give you best acre returns from applying this plant food. Should you have several fields that require the same number of the different plant foods, usually those which require the least amounts will give you best returns from the treatments applied.

Higher Egg Prices Seen For Next Fall

By LEONARD A. VOSS

MU Extension Poultry Specialist

Well, it happened again. Egg prices were low in January and February and farmers are buying less chicks now for replacement purposes.

This means there will be less pullets to produce eggs next fall and with less eggs available, prices will be higher.

Hatcherymen report that business is slow now. The larger producers have already ordered and started their chicks. These are the producers who have found it pays to stay in year after year.

The USDA report just released estimates farmers in this area intend to start 17 per cent fewer chicks for laying flocks. The intentions for the entire United States are nine per cent below last year.

If these intentions are carried out, it will mean that there will be fewer chicks started than in any year on record dating back to 1930.

This might not mean much reduction in eggs next fall. The average production per layer has been increasing. Producers are buying more pullet chicks. Hens are also being held for additional months of lay in the fall.

The reduction in chicks for replacement will mean some reduction in eggs next fall. If I were a poultry producer getting started in the business or wanted to increase my operations, I would do it in a spring when egg prices are low, such as this spring.

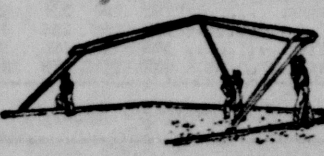

In years when egg prices are good in the late winter, the producers who are in and out of poultry production order more chicks. Such was the case a year ago. As the result we had more eggs last fall as there were more pullets producing.

It is not too late to start chicks by ordering now. Chicks started in March will do very well. The earlier in March the better. Chicks should be selected for the market available or he eggs—light breeds for market egg production and

Will Send Field Staff

University to Furnish Help For Institutions In India

University of Missouri President Elmer Ellis has announced that the University has signed a two-year contract to furnish technical help to agricultural institutions of India. The contract which was signed with the State Department's International Cooperation Administration becomes effective immediately.

According to the contract signed by the University Board of Curators, most of the cost of the project will be paid by the International Cooperation Administration.

The University will send a field staff of four to eight persons to India. There, the Missouri representatives will provide technical assistance to the Indian institutions to get effective teaching, research, and extension programs underway. This aid was requested by the Indian Government.

In addition, the University will maintain a home staff. This staff will include a program coordinator and other personnel needed for an effective program. Additional personnel may be employed for short term field work in India.

In another phase of the project, University representatives will aid in selecting Indian faculty, graduate students, and others for additional training. The persons selected will be trained at the University of Missouri or at other schools.

One of the most immediate problems will be the selection of University staff members to undertake the job in India. According to J. H. Longwell, dean of the

broiler types for a broiler hatch-

ing egg market.
Over the years, well managed poultry flocks of an efficient size have made a net return of \$2 per hen. Chicks started this spring can reasonably be expected to do better than the average during the laying year. The income should be nearer the 1955-56 laying year when the commercial record keeper flocks in the state averaged \$2.95 per hen net income.

Missouri Milk To Decline More

The Missouri farm price of milk will continue to decline during the coming month, according to agricultural economists at the University of Missouri. However, most of this decline will be experienced by grade A producers since manufacturing milk is already near support levels.

The average price received during the month ending Jan. 15 was \$4 a hundred for milk with an average butterfat test of 4.4 per cent. This was 2 per cent below the average of the previous month and about the same as that of a year earlier.

Farmers selling manufacturing milk in December received an average of \$3.24 per hundredweight on a four per cent basis. The government recently announced that the price for manufacturing milk will continue to be supported at \$3.25 per hundred during the coming year.

Jan. 1 estimates showed there were 899,000 head of milk cows on Missouri farms. This was 4 per cent fewer than a year earlier and the smallest number on hand at the first of the year since 1925.

A Regular Program Needed to Control Strawberry Insects

Horticulturists at the University of Missouri say that much can be done to prevent or reduce insect damage to strawberries by cultural methods. But there are about 20 insects that regularly attack Missouri strawberries that are not subject to cultural control. According to the fruit specialists, a regular program of insect and disease control, including dusting and spraying, and good cultural practices are essential for successful strawberry production.

Announce New Way To Shrink Painful Piles

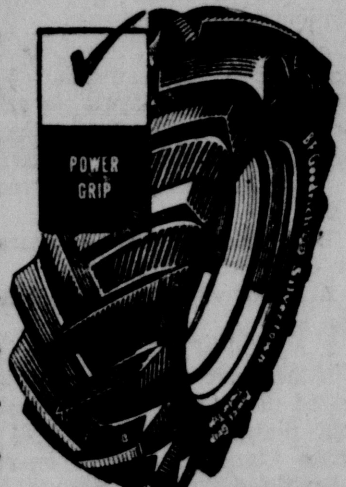

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made

astounding statements like "Piles have ceased to be a problem!"
The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.® At your drugstore. Money back guarantee.

Has Second Home Run

Don Zimmer May Make Grade As Bums' Infielder

The Associated Press
It appeared today as if this will be the year that Don (Comeback Kid) Zimmer will make the grade as a regular infielder with the National League champion Brooklyn Dodgers.

Zimmer's second home run of the spring off Jim Bunning of the Detroit Tigers accounted for all Brooklyn's runs yesterday as the Dodgers won a 3-2 grapefruit exhibition at Miami.

Badly injured twice during his career by bean balls, Zimmer—

Cleveland Hopes To Get US Aid For 1959 Games

CLEVELAND (AP)—Cleveland officials, with six weeks to dig up nearly five million dollars more for staging the 1959 Pan American Games, still cling to the faint hope that Congress will provide necessary funds.

If Cleveland can't arrange financing by May 1, a special congress of the Pan American Olympic Committee ruled yesterday in Caracas, Venezuela, the games will be shifted to Guatemala City.

The committee voted 11-2 to extend to May 1 Cleveland's deadline.

Committee Chairman Douglas F. Roby of Detroit said he had been advised that if Cleveland does not receive the federal grant it will ask to be relieved of its obligation.

In Cleveland, Curtis Lee Smith, chairman of a planning committee for the games, said this city could not be host to the games without the federal appropriation, which would bring to 13 million dollars the funds provided for the event.

City, county and state would provide the other eight million, needed primarily for construction of facilities.

But Cleveland Mayor Anthony J. Celebrezze, while remarking that "holding the games without federal money would be very difficult," he said the extension "will also give us time to explore some resources we have not yet checked."

Some Charge Chamberlain Was Protected

SALEM, Ore. (AP)—Did referees "protect" Wilt Chamberlain, the 7-foot-tall Kansas center, in his team's 81-61 victory over Oklahoma City in an NAA playoff at Dallas last weekend?

Or did Oklahoma City players deliberately foul Chamberlain in a move tinged with racial prejudice?

Those charges flew across the country in the wake of the stormy game, which was interrupted at one point by spectators throwing cushions and coins onto the floor.

Oklahoma City coach Abe Lemons said the referees were "protecting" Chamberlain. He said he told his players they could earn foul shots by getting in front of Chamberlain as he ran down court "because he can't turn within 20 feet."

He expressed indignation that the plays were not called that way. The cushion-throwing was by fans who agreed with him.

"The real trouble seemed to be that Chamberlain and guard Maruce King were dark-skinned," said referee Al Lightner after getting back to his job as sports editor of the Oregon Statesman here.

He said Oklahoma City players were "deliberately dumping Chamberlain."

Lightner said Lemons had warned of trouble "if that big nigger piles onto any of my kids," and that the Oklahoma City players kept remarking about "those niggers."

"You can ask my boys, and I know they never made a statement like that. I've never called a color boy a nigger in my life," said Lemons at Oklahoma City, "dumping" Chamberlain.

Lightner said Abb Curtis, Southwest Conference supervisor of officials, said afterwards that "he had not seen such a display of unethical basketball in years."

He told us that under the circumstances with which the game was played by Oklahoma City, we did a good job."

Curtis said at Dallas, "I may not have said it just like that, and added, 'I'll just leave it like it is.'"

Seattle Makes First Tourney Start Tonight

NEW YORK (AP)—Top-seeded Seattle, boasting Elgin (Rabbit) Baylor, 18 straight victories and two 6-foot-7 players, makes its first start in the National Invitation Tournament against St. Bonaventure in Madison Square Garden tonight.

In the other half of the quarter-final double-header, Manhattan takes on Memphis State.

All indications point to an uncomfortable night for St. Bonaventure. The Bonnies have a 16-5 record compared with 22-2 for Seattle and certainly cannot come near the Chieftain's height.

Baylor is 6-6, but he is dwarfed by Dick Stricklin and Thorton Humphries, each at 6-7.

As for Baylor... well, he may not be the eighth wonder of the world, but if he keeps up at his present pace, they're going to have to legislate against him.

He brings the following credentials:

1. A 720-point season average, or 30 points a game.

2. A 488 shooting average from the floor.

3. A total of 483 rebounds.

If that isn't enough, he has been called the "best college basketball player in the country" by Santa Clara Coach Bob Feerick.

Seattle drew a first-round bye, but St. Bonaventure showed it could hustle in its 90-72 rout of Cincinnati Saturday night.

Manhattan, probably the top team in the New York area, will be slightly favored over Memphis State in the other half of the twin bill. This is despite the fact that State shows a 22-5 record against Manhattan's 15-8.

Memphis State is a fast outfit, but didn't live up to expectations in downing Utah 77-75 Saturday.

The quarter-finals will be completed tomorrow night with second-seeded Bradley (19-7) playing Xavier of Cincinnati (20-7), which swept past Seton Hall 85-79, and Temple (18-8) tangling with Dayton (19-8), which trounced St. Peter's 79-71.

Upsets Faced By Tar Heels And Jayhawks

KANSAS CITY (AP)—College basketball's two top teams—North Carolina Tar Heels and the Kansas Jayhawks—still must dispose of upset-minded challengers if they are to collide head-on in the national collegiate tournament this week.

North Carolina, with 30 straight victories during the season and ranked No. 1 in the Associated Press basketball poll, encounters first starting Michigan State in the first of the semifinal games Friday night at 7:30 (CST).

Kansas, ranked No. 2 on a 23-2 record, will take on San Francisco University in the other semifinal Friday night.

The championship game will be Saturday night, after a consolation go for Friday's losers.

The Municipal Auditorium's 10,200 seats have been sold out for weeks.

NCAA headquarters indicated there is a possibility both the nights of basketball may be televised nationally. There was no elaboration.

Both North Carolina and Kansas worked their way into the finals with easy victories in regional tournaments Saturday night.

Kansas dumped Oklahoma City 81-61 as Wilt Chamberlain, the sensational Kansas sophomore All-American, scored 30 points.

The game was enlivened by cushion throwing, catcalls and a complaint about the officiating.

Michigan State, ranked No. 11, won its way to Kansas City with an 80-68 victory over Kentucky, ranked No. 3, and the only team ever to win the national championship three times.

San Francisco posted a 50-46 decision over California, the Pacific Coast champion. San Francisco won the national tournament the last two years in a row and still has a chance to become the first team ever to take three straight.

In consolation games of the regional playoffs Saturday night, Southern Methodist beat St. Louis 78-68, Canisius beat Lafayette 82-76, Notre Dame beat Pittsburgh 86-85 and Brigham Young beat Idaho State 65-54.

Pedestrian Victim Reverses Procedure

ALTOONA, Pa. — Ever hear of a pedestrian being hit by an auto then getting up and taking the driver to a hospital?

Altoona police say it happened here yesterday in this way:

Alfred Smith, 40, left his auto at a service station, walked a half block and was crossing a street at an intersection when he was hit by a car driven by Mrs. Frances Bryan, 34.

The Bryan auto then crashed into a tree. Smith walked back to the station, got his car and took

Mrs. Bryan to Mercy Hospital. She was detained with cuts and bruises. Smith was treated for leg bruises then discharged.

Council Candidate Doesn't Want Votes

IDAHO FALLS, Idaho (AP)—A candidate for the City Council, who says he needs the job "like I need a hole in the head," told voters: "Don't vote for me April 2."

Dr. David H. Smith, a physician, said in a statement yesterday that if citizens don't care about contaminated water, sewage dumped near city wells, too many gnats and flies going unsprayed, and unsanitary food establishments, they shouldn't mark their ballots in his behalf.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!

New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold — without prescription — in tiny tablets called *Primatec*®.

Primatec opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension. All this without taking painful injections.

The secret is—Primatec combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose.

So look forward to sleep at night and freedom from asthma spasms... get Primatec, at any drugstore. Only 98¢—money-back guarantee.

©1954, Whitehall Pharmaceutical Company

decided to separate on a trial basis.

In a joint statement, the couple said yesterday they hope that "by being apart and being able to think out the problems, we will come up with the solutions."

The couple have two children.

To remove lipstick or rouge stains, soften napkins with glycerine, then launder in hot soapsuds.

Ahh! BLESSED RELIEF
from pain of
RHEUMATISM, ARTHRITIS
NOW POSSIBLE... FOR ONLY PENNIES A DAY!

It isn't necessary to be plagued by annoying pains of rheumatism, arthritis, neuritis. Prove in your own case how truly effective new, improved PRUVO can be. PRUVO is guaranteed. Use half the tablets in the \$1.50 bottle. If not satisfied with the results, return balance to make for money back. Go to your druggist today. Insist on PRUVO. Only in PRUVO do you get its seven way relief—there is no substitute. The large Hospital size at \$7.50. Medium sized bottle at \$4.00; or get the generous big 75 tablet size at \$15.00.

For new, improved PRUVO provides 7 important advantages: (1) New PRUVO brings welcome relief from comfort-robbing pain. (2) Sets up a pain barrier against secondary distress. (3) Works faster because it's absorbed in the bloodstream quickly. (4) Acts without upsetting the stomach. (5) Gives more comfort in work and sleep. (6) Costs only pennies a day. (7) Contains Vitamin C—so essential to maintenance of elasticity in connecting tissues in joints and body generally. In case of severe pains see your doctor.

Pruvo

Missouri people used their telephones 4,000 times a minute last year

That's just for local calls. Long Distance lines were busy, too. Missourians called out of town almost 51 million times last year. And '57 promises to be an even busier telephone year.

As told by
D. C. Goodson,
general traffic manager,
to telephone news
reporter Don Davis

NOBODY realizes the importance Missouri people place on their telephone service more than D. C. Goodson.

It's his job to know. He has the responsibility of handling the state's telephone "traffic" . . . to make sure the millions of calls each day go through quickly, smoothly, without a hitch.

What's behind the steady increase in the number of telephone calls? For one thing, thousands of new telephones are added each year. But there's more to it than that, as Goodson is quick to point out.

FLASHING FINGERS. New Operator Distance Dialing lets operator send a call straight to the out-of-town telephone you want . . . in a matter of seconds.

"People rely on the telephone more and more each year," he says. "The pace of living and doing business is faster today than ever. The telephone offers people an easy way to keep in personal touch with friends, and helps the businessman get things done fast."

"Telephone service is getting better every day, too. New developments in recent years have made service even faster and easier to use."

FASTER LONG DISTANCE SERVICE

One example of new telephone developments is Operator Distance Dialing. With this service, the operator can dial your call straight through to the distant city you're calling. Most calls handled in this way go through in 30 seconds or less.

Goodson says that an even newer and faster method of out-of-town calling has been introduced in some Missouri areas. "We call it DDD . . . for Direct Distance Dialing. DDD lets you dial a number across the country just

SWITCHBOARDS WERE BUSIER than ever in 1956. Missouri people rely on their telephones more and more each year as service gets better, faster, easier to use.

about as easily as you dial across town. It's the coming thing. You'll see more and more DDD in Missouri in the next few years."

VOICE WITH A SMILE

Even though new developments make it possible to speed many of your calls from coast to coast without the aid of an operator, Goodson is convinced that good telephone service always will depend on people. "See what's happened since 1920, when local dial service was just being introduced," he explains. "Today we have twice as many operators as we did then. The reason is greater telephone usage."

VOICE WITH A SMILE. Coaching on "practice" calls gives an operator poise, assurance.

For the same reason, we'll continue to need operators in the future—to handle person-to-person, collect, assistance, information, and many other types of calls."

Today's telephone operator has to be smart

as well as pleasant. As Goodson puts it, "We make every effort to attract the best qualified girl for the job. Then we give her intensive training before she actually becomes the 'voice with a smile.' Training, of course, is a continuous proposition—to help operators adjust to new techniques easily and quickly."

EMERGENCY HELP

Telephone operators frequently are unsung heroines, according to Goodson. "Many times each year telephone operators receive calls from people in distress," he says. "That's when our emergency training—plus an operator's quick action—can mean the difference between life and death."

Recently, for example, a man suffering a heart attack contacted the operator. The only word the operator could make out was "... doctor." Quickly, with the help of other telephone people, she determined the caller's address. Medical help was on the way within minutes.

Her prompt actions were credited with saving the man's life . . . a typical example of how quick thinking by telephone operators can bring help when it's needed most.

THE BEST SERVICE POSSIBLE

New and improved equipment and techniques. Faster Long Distance service. Competent and highly trained people. Quick help in emergencies. All of these things go toward giving you the best and fastest telephone service possible.

It's important to remember that the key to such progress in any company is a reasonable profit. Only a financially sound company can plan and build ahead, and continue to attract the high-caliber people so necessary to good service.

Man Kills 3 Daughters, Mother, Self

WEST FRANKFORT, Ill. (AP)—Wielding a claw hammer and a pistol, a 44-year-old jewelry store operator killed his three young daughters, his mother, and himself yesterday — the day he was to marry his bookkeeper.

Coroner Barney Browning said Herman Behn hit his sleeping victims in the head with the hammer and shot them with a .38 pistol. Behn himself died of a bullet in the right temple.

Investigators said they could find no motive. An inquest was ordered for today.

The victims were Mrs. Minnie Behn, 70; Kay, 10; Shirley, 12; and Linda, 14.

Mrs. Malletta Minton, a 38-year-old divorcee who was to have been Behn's bride in a ceremony

at the First Christian Church, was reported in deep shock.

Coroner Browning said Behn's brother William got a call from him early yesterday morning. William quoted Herman:

"Bill, I've killed mother and the girls. I just figure they could not live without me and I could not live without them."

Browning said Mrs. Minton told him she last saw Behn at 11:30 Saturday night. She quoted him:

"I'm going home and get a good night's sleep so I'll feel good at the wedding."

Arthur Marks, assistant chief of police, said Mrs. Minton told him she and Behn planned to move into her farm home and take his mother and the children to live

with them after a two-week honeymoon in Hot Springs, Ark.

Behn had been a jeweler here for 18 years and was active in civic affairs. He was divorced about four years ago and granted custody of the children. His first wife, June, is believed to be living in Chicago.

New Panama Canal
JACKSON, Miss. (AP)—Hugh Griffiths, a ham radio operator got himself out of the mud in adjacent Rankin County through use of the airwaves—via Panama.

His car got stuck while he was squirrel hunting and he used his car radio transmitter to summon help. He couldn't pick up anyone locally but an obliging ham in Panama heard his "SOS" and relayed it back to C. C. Griffith and Myron Locke, Jackson amateurs. They came to the rescue quickly with tire chains.

Daughter Causes Woman to Give TV Prize Away

LONDON (AP)—Mrs. Terry Phillips, who won the price of a new nose on a TV show, said today she has decided to keep her old nose and give the money to charity. Her small daughter likes her the way she is.

Mrs. Phillips, 40, has one of the longest beaks this side of Jimmy Durante. "I get chilblains on it in winter," she said. "I scald it when I take a hot drink."

Last week she appeared on the television show State Your Case, during which viewers decide which of three hard-luck stories should be rewarded with the prize of 100 pounds (\$280).

The viewers looked at the mighty Phillips schnozz, heard her tell of her yearning to have it bobbed, and voted her the winner in a poll held by mail.

Meanwhile, 8-year-old Shirley Phillips got into the act.

"She changed my mind for me," Mrs. Phillips told a reporter. "She cried bitterly and said, 'Mummy, don't have your nose cut off.'"

"My husband agrees with her, so the money goes to four charitable organizations in my home town of Twyford."

Said husband Bill:

"We're all pleased she changed her mind. We've got sort of used to her nose over the years."

Garcia Leads After Death Of Magsaysay

MANILA (AP) — Vice President Carlos P. Garcia took over the reins of government today as the Philippine nation and the free world mourned the plane-crash death of President Ramon Magsaysay.

Garcia flew in from the SEATO conference in Australia. Several hours after Magsaysay's charred body was found in the wreckage of his plane on a Cebu Island mountainside.

The 60-year-old vice president took the oath of office as fourth president of the Philippine Republic before Chief Justice Ricardo Paras. He will serve until after next November's presidential elections, which now promise to be a wide-open fight.

A staunch supporter of Magsaysay's foreign policy, Garcia is expected to continue the late President's aim of strengthening American-Philippine friendship.

Family Gets First Girl in 125 Years

ERIE, Pa. (AP) — For the first time in the past 125 years a girl has been born in the Lott family. It happened last night at the M. D. General Hospital in near-by Lawrence Park when Mrs. Delbert Lott, of Millcreek, gave birth to a girl whom they named Cindy.

Lott, production manager of the Zurn Manufacturing Co., said 20 boys had been born in his family.

statement said the people of the Philippines, the United States and "the entire free world have lost a valiant champion of freedom." Magsaysay, he added, "will be greatly missed" in the fight against communism.

From aboard the cruiser Canberra, President Eisenhower in a
